

2023 SCEECs

STUDENTS CONFERENCE ON ELECTRICAL, ELECTRONICS AND COMPUTER SCIENCE

TRACKS AND TOPICS*

COMPUTER SCIENCE

- Augmented Reality/Virtual Reality
- Big Data and Data Analytics
- Artificial Intelligence/Machine Learning
- Cloud Computing, Edge Computing
- Internet of Things
- Quantum Computing
- Blockchain
- Cyber Security
- Deep Learning
- Computing Technologies Algorithm
- Computational Intelligence
- Computing Architectures and System
- Human-Computer Interaction
- Decryption, and encryption of data
- Computer vision, graphics and animation
- Brain Computer Interface
- IIOT

ELECTRONICS AND COMMUNICATION

- Signal and Image Processing
- Robotics and Autonomous Systems
- Communication Systems
- VLSI and Embedded Systems
- Control Systems
- Mobile Communication
- Neural Networking
- Ad-hoc, Mesh and Sensor Networks
- Image/Video/Multimedia Signal Processing
- Digital and Multirate Signal Processing
- Pattern Recognition and Object Tracking
- RF Circuits, Systems and Antennas
- Electronics Devices, Materials and Fabrication Processes
- Mobile sensing
- Satellite Communication

ELECTRICAL

- Power Electronics, Machines and Drives
- Power System Stability, Dynamics and Control
- Restructuring of Power System, Electricity Markets and Energy Pricing
- Power System Automation, Protection and Relaying
- Distributed Generation, Renewable Energy Sources and Micro/mini Grid Operation
- High Voltage and Insulation Engineering
- Sensors and Signal Conditioning
- Soft Computing in Electrical Power and Energy Systems
- Electrical Vehicles
- Intelligent Systems
- Advanced propulsion science
- DFIG Machines: improving energy efficiencies
- Design choice in the direct drive in-wheel motors
- Smart Grid and Smart Technologies
- Design of Electrical Machine

* The tracks and topics are not limited to these, rather they are just some suggestions.

CALL FOR PAPERS

ABOUT THE CONFERENCE

8th IEEE International Students Conference on Electrical, Electronics and Computer Sciences 2023 is being organized in the City of Lakes, Bhopal on 18-19 February 2023. This flagship conference of IEEE M.P Section will commence in offline medium, featuring a comprehensive technical program including paper presentations, workshops and expert guest lectures. SCEECs 2023 is a multi-disciplinary conference covering a range of tracks and topics from Electrical, Electronics & Computer Sciences.

The objective of this conference is to nurture research and Innovation at under graduate and postgraduate levels. We invite you to submit your original technical papers, workshop and expert lecture proposals to this event. The conference will feature a presentation of high quality research papers handpicked by our expert panel. Accepted and presented papers will be published in the IEEE International SCEECs 2022 Conference Proceedings and also archived in the IEEE Xplore® database. (ISBN: 979-8-3503-9874-8).

- Best Paper Award to be given in each track.
- SCEECs 2023 includes Pre-conference workshops, tutorials, exhibitions and keynote lectures.
- Atleast one student author should register for the conference for each selected paper.
